The 25x’25 Action Plan was written by the 28-member 25x’25 National Steering Committee in consultation with more than 400 25x’25 Alliance partners. Though the views and recommendations in the Action Plan were drawn from repeated consensus-seeking discussions among those 400 Alliance partners, the policy recommendations in the Plan should be attributed to the 25x’25 National Steering Committee rather than to individual Alliance partners.

The 25x’25 Action Plan is also available at www.25x25.org.
